

Friends of Larry

KMHS would like to thank a very special group of donors, the “Friends of Larry”. These individuals have chosen to honor Larry Keller, our Founder and Executive Director, for his 30 years of service on behalf of persons with mental illness with gifts of \$ 1,000 or more to support construction of a new residential treatment and stabilization facility. Thus far a total of \$27,000 has been contributed in recognition of Larry’s enormous contribution to our community. The new facility will be named “The Keller House”.

The “Friends of Larry” continues to grow. You can join in with your contribution of \$ 1,000. For more information, contact the KMHS Development and Community Relations Department at 360-415-5801 or communityrelations@kmhs.org.
